TOWN OFFICIAL PAPER.

VOLUME II. BERKELEY, CAL., WEDNESDAY SEPTEMBER 25, 1895. NUMBER 137

THEY ARE A UNIT.

THE PEOPLE OF WEST BERKELEY IN

Mass Meeting Assembled Declare Themselves on the Bond Question.

Long before the hour appointed for the mass meeting to convene at the Beacon Engine house at West Berkeley last evening, men began to assemble in knots near by and talk over the situation. At 8 o'clock President Chas. H. Spear, of the West Berkeley Progressive Club, called the meeting to order stating that the notice was given for the purpose of having the residents of West Berkeley give their expression of opinion as to the best manner of developing and improving this portion of the town particularly and the whole town generally. The Club was not a political one but for general good purposes.

In order to get the best effects it is necessary to have an organization. We want you all. This is a people's meeting and not to be run by a club. Mr. Spear then called for nominations for a Chairman for the evening. None could be got to accept the position as all felt that Mr. Spear as Chairman was the right man in the right place. Gracefully accepting the decision of the people Chairman Spear proceeded to state that the first proposition to be acted upon was the question of bonding the town for school purposes. It was necessary for West Berkeley to express itself in relation to bonding at this time.

If West Berkeley is opposed to the proposition it cannot be carried. The expense of an election would be for nothing. The other portion of the town wants your opinion as a body. The second matter to be acted upon will be that of improving the streets of West Berkeley How shall we do it? East Berkeley has spent many thousands of dollars upon her streets and is now beginning to reap the benefits of it. Property there is in demand, equal to Alameda. The values there are four to one in comparison with West Berkeley. Look at South Berkeley. Improvements have called public attention to that part of the town while the weeds are comparatively growing at West Berkeley and you will quickly understand that this is a detriment. These things cannot be done by a few. The whole community must act.

If you propose to oppose the bonding system let it be done right now and not put the town to unnecessary expense. The first question is the school bond business and the amount to be expended. It is desirable to have the individual expression of those present and then action can be taken as a body.

Trustee Durrell was called upon and he stated that he "did not know exactly what the Board had called for."

Trustee Hoff said "that it was one High School, two grammar schools and three primaries. A committee will report on the same next Friday evening. I don't know how much money will be needed. Think, however, that it will take from $150,000 to $200,000. Are we justified in spending this amoun? An expression of public opinion is needed. I am in favor of all these things. Should only ask for one thing, either a High School or the other schools."

President Spear then called the attention of the speakers to the fact that an expression was wanted as to the amount to be expended. "A grammar school is needed at Dwignt way. If only $100,000 is raised it will all go into a High School. Shall it be a High School or grammar schools?"

Trustee Durrell: "As Mr. Hoff has suggested, we cannot have both. If we could have a site between Dwight way and Center street and as far west as the McGee tract a High school building could be built upon it of sufficient capacity for the High Schnol and the higher grammar grades, While East Berkeley is getting a great deal West Berkeley must get what it can. Am not in favor of a High School building unless it is centrally located. Either have one large building or two or three grammar schools."

Mr. Sykes when called upon said he "wanted to hear the opinion of some others."

The question was asked by a gentleman, "Are our schools overcrowded?" The president stated that they were in East Berkeley but not in West Berkeley. "We should have some of the loaves and fishes. Now is our chance to get something. Other places are far ahead of Berkeley."

Ex-Trustee Acton: "I came to listen. I would ask the representatives of West Berkeley if it is the intention to buy new sites. We have them now. There is one on University avenue near the Town Hall. It is only necessary to put up the buildings, as we have the property. There should be no crowding. I do not believe in speculating in real estate."

President Spear: "Are you in favor of raising $75,000 for a High School, or for spending $20,000 for a building on San Pablo avenue, $20,000 for a building on Dwight way, $20,000 for a building at North Berkeley, and $15,000 more for furnishing them?"

Acton: "I am in favor of three schools at $75,000, leaving the High School, as at present, for the next five years. We are in need of schools, consequently bonds must be issued to get them. Am in favor of West Berkeley's advancing."

Trustee Hoff: "In reply to Mr. Acton would say the Board of Trustees is not in favor of speculating in real estate. My opinion is that of one. It is for the common schools, primary and grammar. Not one in ten goes to the High School. I am in favor of the greatest good to the greatest number." (Applause.)

Trustee Durrell: "When you get more school houses, you will have more high paid teachers. Get ground located centrally and make it a nucleus or headquarters for a High School and high grammar grades."

Mr. Rooney: "Mr. Durrell expresses my opinion."

Samuel Heywood: "I think the school system is a patchwork. Am in favor of having a committee of seven appointed to confer with the Board of Education. I think we should have primary and grammar schools. We also need a High School. We should sell the Center street property and buy some that is cheaper, and get our children away from the railroads. We could get a whole block where Trustee Durrell suggests. $75,000 is too much to put in schools at present. People want to go to East Berkeley on account of the High School. We should have plenty of schools. I am in favor of small schools, as the grammar schools can be carried on for some time to come. Think $20,000 is too much. I got my education in a small school house. We are too poor to spend much."

President Spear: "We should keep a stiff upper lip."

Heywood: "When you want to borrow money it is different."

Mr. Renas: "Am in favor of a good grammar school on San Pablo avenue at a cost of $15,000, nothing cheaper. I am going to build a barn soon, and would take the San Pablo avenue school house." (Laughter.)

E. Niehaus: "Am in favor of school houses. Think $10,000 enough for one. Would vote to bond the town for $60,000 to $70,000 for grammar schools, but not for High School."

George Schmidt: "Have but little to say, Want the rear of the San Pablo school for a cow barn. Am in favor of grammar schools, say four at $15,000 each, with furnishing make it $75,000."

W. R. Dickieson: "Am like the others. look for instruction. Believe in primary, grammar and High Schools. Cannot have both High and grammar schools. Which is the best? We need grammar schools most. Am in favor of good schools. Think that $15,000 is amply sufficient for one school. Scholars could be taken from the Kellogg school and grammar schools be built for them. It looks as if East Berkeley wanted a building for ornamentation. Am in favor of bonding to $60,000 or $80,000"

George Schmidt: "I think there should be a school house on the corner of Tenth and Rose streets. That section should have a school."

D. R. Wentworth: "Am in for progress. Want plenty of school room. Lower branches first and higher afterwards."

S. H. Borkheim: "Think that West Berkeley is entitled to something. Am in favor of grammar schools at $75,000 to $80,000."

Dowd: "Am in favor of grammar schools at about $75,000."

Pascoe: (West Berkeley News)"Have been here but a little while. Think present buildings sufficient. A good building could be put up centrally for the surplus. Am in favor of one building for all grades."

McDonald: "Having no children have some delicacy about speaking. Favor primary and grammary schools first and then a high school. Am in favor of a $20,000 house, an honor and help to the town. Prefer modern building."

Ex Trustee Hadlen: "Agree with Trustee Hoff. Think grammar schools for $75,000 all right."

Hoff: Think the trustees should have some instructions to go by.

Mr. Brown: "Think same as Hoff, $75,000 to $80,000.

Ed. Brennan: "I can fill the schools if the other man cannot. Am in favor of $75,000 to $80,000 for grammar schools, not High."

James Paine: "Am in favor of grammar schools at $20,000 each.

Mr Schmidt of Allston way: "Four grammar and primary schools at $75,000 to $80,000."

Mr. Sykes: "Am in favor of primary and grammar schools at $75,000 to $80,000.

Mr. Renos: "Nothing to say. Favor grammar school if we can have but one."

Rev. Hunter: "Favor grammar and primany schools at $75,000 to $80,000. Think High school will do at present."

Mr. Spencer: "Favor grammar at $75,000 to $80,000 if we can have but one."

Mr. Farge: "Grammar at $75,000."

Chas. Loebs: "Have plenty of material to fill all the schools."

Mr. Eida: "Am in favor of primary schools. Laboring men cannot afford much. Favor primaries at $75,000 to $80,000.

Mr Jacobs: "Favor primary and grammar schools at $75.000 to $80,000."

Mr. O'Niel: (Channing way) "Primaries and grammar at $65.000 to $75,000."

President Spear: "Which proposition shall we entertain? The Board of Education want High and grammar schools."

Guy H. Chick: "Am not in a position to fill any school. Ought to have both High and grammar. Want High School anyway and if possible grammar school."

Upon motion of Mr. Schmidt it was unanimously voted to have three grammar and primaries only (one to be located on San Pablo avenue) at a cost of $75,000. When a vote was taken on the High School only at $80,000 to $100,000 no one voted. For High School, grammar and primary at $150,000, only one vote. The record is to stand as voted upon.

President Spear: "The next thing to act upon is the improvement of public streets at the West End."

Mr. Heywood said we were too poor. "Go to Oakland to borrow money and you will find West Berkeley property no good."

Spear says: "Oakland has spent three or four hundred thousand dollars upon her streets. Capital will not go into an unimproved town. East Berkeley has property today selling at $40 per front foot which but a little while ago was worth only $9. East Berkeley has made the effort and is reaping the reward. South Berkeley is going on in the same way. Today property here is not worth $3 which should be worth $12, all on account of non improvement. We must make a move. Capital will only go where it is wanted. It must have something to attract. In justice to those who have improved the town property others must do the same thing. The regular tax for these improvements must be paid by the owners. No property was ever confiscated where nearly one-half a million dollars of work has been done. I am interested in Fifth street and can boom it, also Bristol and Delaware street. If we don't do something we shall all go to pieces. We have as good a part of the town as there is. We cannot build big houses but good substantial ones. Are you willing to help out?"

Mr. Murphy: "Am willing to pay my share on Sixth street."

S. Heywood. "Every Heywood on the street has signed for it."

W. R. Dickieson. "Everybody does not understand the bonded system. Should like to hear Mr. Spear explain it."

Trustee Durrell gave an estimated cost of work on 50 feet front at $125. This included a five foot cement sidewalk.

President Spear gave a clear explanation of the common and bonded system.

It was voted to have another mass meeting in two weeks from last evening when the books of the Progressive Club would be on hand for the purpose of having new members put down their names

Mr. Chick said that in East Berkeley there were now 18 street contracts in operation and only one in West Berkeley.

S. H. Borkheim. Don't you think we should have more hydrants? We have wanted them for a long time. Two streets away from University avenue we are lost. Something should be said to the Trustees about it.

Trustee Hoff. President Richards has seen the Water Co., but did not get much satisfaction. The Water Co refuses to lay larger pipes at present. The company said to Mr. Chick that they would run pipes on San Pablo avenue if inducements were held out by the Trustees, that is pay more for hydrants.

The meeting was very enthusiastic and President Spear was in his happiest vein. The attendance was over 200, being the largest mass meeting at West Berkeley for years.

All Should Go.

On next Friday evening, September 27th, Lieutenant Commander Wadham of the navy will deliver a lecture entitled "Life on Board a Man-of-War," at the first Congregational church. Commander Wadham has been in the navy thirty years, and during that time he has visited thirty-five different countries and his lectures are thrilling and amusing. The lecture will be given under the auspices of the Christian Endeavor Society, and the proceeds will go to the new Sunday School building fund. As the price of tickets is only 25 cents we know the church will be crowded.

THE OTHER SIDE-

THE DURRANT SIDE NOW HAS AN INNING.

The Defense Expects to Show That Pastor Gibson is the Murderer.

Special dispatches to the GAZETTE.

San Francisco, Sept. 25—When the Durrant case was called this morning the court room was crowded to suffocation, and the warm weather made the pure ozone very scarce. Three witnesses were called on the part of the prosecution, so that they might be re-cross examined by the defense, but their evidence was the same as previously reported.

Attorney Duprey then made the opening statement for the defence. He addressed the jury and after thanking them for their courteous attention to the testimony and other court details that they have been compelled to listen to for the past 60 days, he said:

"Gentleman of the Jury, as the Attorney for the prosecution has already outlined what it expected to prove in this case, and as you have heard the evidence in corroboration of such statement, it now devolves upon me to tell you how the defense expects to rebut all such evidence by good and res ponsible witnesses.

"The prosecution has given you nothing but circumstantial evidence, and with all that has been introduced they have not shown that any murder has been committed, and that if one had been committed they have shown no motive for the murder as for as the defendant is concerned. He stated that at the proper time Durrant would go upon the stand and account for every moment of his time on the day and night of April 3rd; that he would testify that after leaving the lecture room at the Cooper Medical College that he went alone to the Emmanuel Baptist Church to fix the gas fixtures; that the defense would endeavor to prove that another man who resembled Durrant very much went to Oppenheimer, the pawn broker, and attempted to pawn the rings that Oppenheimer testified were offered to him by Durrant and that this man would be placed upon the witness stand to substantiate the statement being made before the jury."

Durrant's mother was then called for the defense and all of her testimony, which is very lengthy, went only to show the hour that Durraut left home in the morning, and the time he arrrived home in the evening, and also his life and habits from April 3rd to April 10th, and up to the time of his arrest.

The substance of the attorney's outline for the defense and Mrs. Durrant's testimony was all directed to cast suspicion upon Rev. J. B. Gibson, pastor of the Emmanuel Baptist Church as the real murderer.

The excitement during Attorney Duprey's statement, and while the mother of the prisoner was testifying, was intense and the strain upon the defendent was very noticeable.

Red Ruin.

Pittsburg, Penn., Sept. 25—A dispatch just received from Carnegie, five miles from Pittsburg, states that a fierce fire started this afternoon in Waldo & Foster's flouring mills and before it could be checked several other buildings were burned. The loss amounted to $60,000, with less than one-half in insurance.

The young ladies of the Junior class entertained the young ladies of the Freshman class at Stiles' Hall yesterday afternoon, from 4 to 6. The hall was crowded with the young ladies of both classes, who looked very pretty in their light summer dresses. Miss Agnes Helm and the Glee Club delighted those present with vocal selections. Refreshments, consisting of chocolate, cake and candy, were served at small tables.

The Epworth League of the West Berkeley M. E. church gave a farewell reception to the Rev. Bailey last evening, prior to his departure this morning for Vacaville.

The Coach is Here.

Yesterday morning at 10:20 Mr. Butterworth, the new football coach, arrived at the station at Shattuck avenue, where he was met by a few football enthusiasts. He was at once conducted to the gymasium, where he was introduced to Professor McGee and many other persons. He was then taken to his quarters, where he rested until the afternoon, when he again appeared at the gymnasium and was introduced to the members of the football team.

In the meantime between three and four hundred students, besides many outsiders, had assembled on the campus to give the new coach a welcome.

Finally the football team appeared and in a second or two were followed by Butterworth, and as they marched down from the gymnasium a deafening yell went up, being the Yale cry as follows:

Breke, ke, kex, koax, koax!
Breke, ke, kex, koax, koax!
Whoop, whoop, whoop!
Yale, Yale, Yale!
Rah, rah, rah!
Rah, rah, rah!
B-u-t-t-e-r-w-o-r-t-h!

This was followed by the U. C. yell, which was given with a will.

Mr. Butterworth then pointed out a few minor defects in the gridiron, and men were at once put to work to correct them.

The team then went to work kicking and falling on the ball, and this portion of the practice will be kept up for three or four days.

Coach Butterworth says that the training table will be set in ten days, and that every member of the team will have to train up to the day of the game, as the names of the Varsity eleven will not be made known until that date, so that none of the students will have a cinch on place, or know whether they will play in the great game or not.

The Coach is very much pleased with the material he has, and feels confident that he can lead them on to victory.

The Big Sale.

But a short time intervenes between the day of the Boulevard sale, for on Saturday afternoon next the auctioneer will take possession of the stand on the grounds, and the disposal of the best residence property in Oakland will begin. A general eagerness exists as to the outcome, for no one questions the fact that the sale is the most important that has been held there for a long time, owing to the picturesqueness of the property and the vast sums of money expended on its improvement.

But it is not alone on the romance of its surroundings that the Boulevard tract lays claim to attention. While admittedly superbly situated from a scenic standpoint, it has advantages as regards communication with the surrounding country, for it is right in the heart of town and is connected by electric railroad systems with every part of the city.

Then, too, Twelfth street forms the southern line of the property and as that thoroughfare is the eastern outlet for Oakland no more advantageous location for home sites can be conceived.

The preparations for building are complete in every particular. Every street surrounding the tract is macadamized and bordered on both sides by cement walks, while a perfect sewerage system drains the entire section. With so many admirable advantages there is little fear as to the outcome on Saturday next.

There will be a tender of welcome this evening by the members of the Seventh Street Methodist church to Rev. Henry Pierce at his residence on Deleware street, between Fifth and Sixth, West Berkeley.

TOWN OFFICIAL PAPER.

WEDNESDAY, SEPTEMBER 25, 1895

FOR HOME READERS.

The GAZETTE works for all. Every bit of patronage that can be retained in the town helps. It may be of an indefinite nature but it reaches to an extent that in some way or other each and every one is helped out. Every nickel that is spent in Berkeley which might possibly be given out elsewhere helps the home market. It is the duty of every man, woman and child to assist in the development of home industry.

Many of the Berkeley merchants seem to think that it does not pay to patronize their home paper in the way of advertising, yet if that paper does not work and stand up for its own people they are among the first to condemn it. Do they ever think for one minute if that same home paper should make comparisons which would be any way disparaging to them, that words in the English language would not be strong enough to condemn it? Let the home paper say that any article of goods which they may deal in could be purchased elsewhere to a better advantage than in the home market what would be the remarks made upon the subject. They should look upon both sides. Their own side is the natural one, that is for self alone. The world's business is too far advanced for any man to think that he is alone in the world. The rule of give and take is now practiced to a greater extent than ever before. Every man wants to make a living but he must not think that he is alone to get along. He must give his neighbor the same show as he is anxious to take himself. Without this principle fully instilled in his mind he can never be successful.

As stated before the GAZETTE works for others with the idea that reciprocity follows. And if we cannot help one another who will do the helping. With all the good nature in the world we have abstained from making mention of individuals who always want assistance and yet are never willing to put out a helping hand to their fellow workers.

Many times we have called attention to the fact that if a man engaged in public business wants to obtain success he must let the people know what he has to dispose of in order to obtain a purchaser.

Do you ever see a man starting in business who does not put out a sign giving his name and occupation? This is for the purpose of attracting the attention of the public, but it is done in quite a small way as it is only seen by the casual passerby and in going a block it is easily forgotten. Advertising in your home paper is different. At the present day every reading man will subscribe for his home paper if there is any indication of life or keeping up with the times attached to it. In reading the local news his attention is always drawn to advertisements which are put in such form as to attract the eye. Thus the little sign as seen in the newspaper meets the eyes of thousands where it would not be seen by a hundred if only displaynd in front of the place of business.

To a man who thinks at all these facts must be convincing. We could write volumes on this subject but short articles are read quicker and do more good than those of an extensive nature.

ABOUT THE BONDS.

EDITOR GAZETTE: If you will kindly insert the following in your valuable paper you will greatly oblige a citizen and tax payer of Berkeley. I have reference to the bonding of the town of Berkeley for a High School. The idea may be correct, but in my opinion the time is hardly ripe for such an outlay for such a purpose.

The High School is not a pressing need just now. Rather, if the town is to be bonded, do it for a less amount, say $75,000, and erect good, substantial primary and grammar schools. The school on San Pablo avenue is a disgrace to Berkeley. It is far better to wear a good cotton suit and have a dollar in your pocket, than to appear in fine feathers and be broke. Furthermore, the people of the West End have just now wakened up to the fact that the streets in their end of town are in a deplorable condition, and have decided to improve the same.

They do not, as a general rule, consist of people who would send their young to a High School, a good practical grammar education being sufficient. Therefore, if an election was called for the bonding of the town for a High School, it would assuredly be defeated, and the town be loser the expense incurred. WEST ENDER.

University Notes.

A new club has been organized among the boys of the University to be known as the Varsity String Club. The club is designed to be a permanent organization and its first meeting will be held this evening in Stiles Hall.

The regular fall tennis tournament will take place on October 5th. Several suitable prizes are offered and the tournament is sure to be a spirited one.

An accident occurred in the Mechanical building yesterday afternoon by which Dickerson '98 lost the ends of a couple of fingers which were shaved off with a plane. His wounds were dressed by Dr. Paine and in a short time the fingers will be as good as ever, though they will be slightly abbreviated.

At the residence of Rev. Mr. Brehm a farewell reception was tendered to D. L. Bishop on Monday evening prior to his departure for Los Angeles where he will reside. Mr. Bishop is almost a native of Berkeley and has been always active in promoting its best interests. He is a director of the Holmes Public Library and a trustee in the Unitarian Church. Among those present were: Rev. E. B. Payne, Mr. and Mrs. W. P. Thayer, Mr. and Mrs. W. W. Davis, Mr. and Mrs. Gilbert, Professor and Mrs. Senger, Professor Putzker, Mr. and Mrs. Wright, Mr. George Bates, Mr. Trott, Mrs. Augustine, Mrs. Marsh, Mrs. Potroni, Mrs. Chase, Miss Bates and Miss Clark.

Get your watches, clocks and jewelry repaired at R. A. Curry's 2124 Center street, Berkeley. Diamonds, watches, silverware, clocks, jewelry of all kinds on hand. Work guaranteed. 90

There is one thing in this world that in order to give satisfaction has got to be perfect, and that is a photograph. Naturally the artist who is thorough in his business and produces perfect pictures gets the trade. This accounts for the immense business done by Evans, the photographer at 1065 Washington street. He takes the finest cabinets in the land for $3 per dozen and has a large Berkeley patronage. 102

Courtney

Has now in stock a new supply of umbrellas which will be sold cheap at his factory, 470 Thirteenth street, Oakland. Repairing in parasols and umbrellas done in a most workmanlike manner. 132

Don't borrow the GAZETTE, subscribe for it, it is only 25 cents a month delivered by carriers.

NOTICE PUBLIC WORK.

NOTICE is hereby given that on the 30th day of August, A. D. 1895, the Board of Trustees of the Town of Berkeley adopted its Resolution of Intention number 45 A, to order the following public work and improvement to be done and made, viz:

To close up in part Bancroft way and the whole of South street.

Whereas, the Board of Trustees of the Town of Berkeley has found and do hereby find the fact to be that the public interest and convenience require the closing up in part of Bancroft way and of the whole of South street in the Town of Berkeley; therefore be it

Resolved, by the Board of Trustees of the Town of Berkeley that this Board deems it to be required by and for the public interest and convenience that Bancroft way in said town be closed up in part, and that South street, in said town be closed up in whole from the westerly line of California street to the easterly line of Third avenue, saving and excepting so much thereof as is included within the exterior lines of the following avenues and street to wit: Second avenue, Spaulding avenue and Sacramento street.

Resolved further, that it is the intention of said Board of Trustees to order the closing up in part of Bancroft way and in whole of South street, as hereinbefore set forth and as hereinafter more particularly set forth to wit:

That the closing up of said Bancroft way in part, and in whole of South street, shall result in the closing up of said Bancroft way from the westerly line of California street to the easterly line of Spaulding avenue, and from the westerly line of Spaulding avenue to the easterly line of Sacramento street, and of South street from the westerly line of Sacramento street to the easterly line of Second avenue, and from the westerly line of Second avenue to the easterly line of Third avenue.

That the lands deemed necessary to be taken for the closing up in part of Bancroft way and in whole of South street, to wit: The lands embraced within the exterior boundaries of Bancroft way and South street, except the exterior points, to wit: The points between which Bancroft way and South street are to be closed up, as aforesaid, are described as follows, to wit:

First—Commencing at the intersection of the easterly line of Third avenue (as shown on a map entitled "Plan of the State University Homestead Association adopted March 6th, 1873," filed and of record in the office of the County Recorder of said Alameda county) with the northerly line of South street, (as shown on said map) and running thence easterly 558.52 feet to the westerly line of Second street, (as shown on said map,) thence southerly along the westerly line of said Second avenue (produced southerly) 30 feet to the northerly line of the lands belonging to J. B. MuMullen and the estate of George R. Bailey; thence westerly along said northerly line of said lads 558.52 feet to the easterly line of Third avenue, produced southerly, and thence northerly along the easterly line of Third avenue (produced southerly) 30 feet to the point of commencement.

Second—Commencing at the intersection of the easterly line of Second avenue with the northerly line of South street as shown on said map of the State University Homestead Association, above referred to, and running thence easterly along the northerly line of said South street 571.5 feet to the westerly line of Sacramento street, or East avenue, as it is shown on the map above referred to; thence southerly along said westerly line of East avenue, or Sacramento street (produced southerly) 30 feet to the lands belonging to Edward Cavanagh; thence westerly along the northerly boundary of said lands of Edward Cavanagh 371.5 feet to the easterly line of Second avenue produced southerly; and thence northerly along the easterly line of Second avenue produced southerly, to the point of commencement.

Third—Commencing at the intersection of the easterly line of Sacramento street, with the northerly line of Bancroft way, as the same are shown on a map entitled, "Map showing the property and location of the Spaulding tract at Berkeley," filed with the County Recorder of Alameda county, Map Book 2, page 63, and running thence easterly along the northerly line of Bancroft way 259.2 feet to the west line of Spaulding avenue, as shown on said map of the Spaulding Tract; thence southerly along the west line of Spaulding avenue 60.18 feet to the south line of Bancroft way; thence westerly along the southerly line of Bancroft way to the easterly line of Sacramento street; and thence northerly along the easterly line of Sacramento street to the point of commencement.

Fourth—Commencing at the intersection of the easterly line of Spaulding avenue with the northerly line of Bancroft way, as shown on said map of the Spaulding tract; and running thence easterly 259.2 feet to the westerly line of California street, as shown on said map of the Spaulding Tract; thence southerly along said westerly line of California street 10.18 feet to the southerly line of Bancroft way; thence westerly along said southerly line of Bancroft way 259.2 feet to the easterly line of Spaulding avenue; and thence northerly along the easterly line of Spaulding avenue to the point of commencement, being all that portion of Bancroft way and South street between the westerly line of California street and the easterly line of Third avenue, saving and excepting so much thereof as is included within the exterior lines of the following avenues and street, viz: Second avenue, Spaulding avenue and Sacramento street.

That the exterior boundary of the lands to be affected or benefitted by the said closing up in part of Bancroft way and in whole of South street, and to be assessed to pay the damages are as follows, to wit:

Commencing at a point on the westerly line of California street, which would be intersected by the northerly line of Bancroft way, if produced westerly in the same direction, as the said northerly line of Bancroft way is shown upon the map of the McGee Tract, of record in the office of the County Recorder of said county, and running thence northerly and along the westerly line of California street 300 feet; thence westerly and parallel with the northerly line of Bancroft way, produced westerly as aforesaid, to the easterly line of Third avenue, aforesaid; thence southerly along the easterly line of Third avenue and said easterly line produced southerly in the same direction, 660.18 feet; thence easterly in a straight line to a point on the westerly line of California street, distant thereon southerly from the point of commencement 360.18 feet; and thence northerly along the westerly line of California street 360.18 feet to the point of commencement.

Resolved further, The BERKELEY GAZETTE, a daily newspaper printed, published and circulated in the said Town of Berkeley, is hereby designated as the newspaper in which the Superintendent of Streets of said Town shall cause notice of the passage of this resolution to be published, and that said notice be published and posted as required by law.

For further particulars reference is hereby made to said Resolution on file in the office of the Town Clerk.

GUY H. CHICK,
Superintendent of Streets of the Town of Berkeley.

Burned to Death.

Little Robert W. Wilson, aged 2 years and 11 months, the son of Chas. R. Wilson of Berkeley, was burned to death Monday evening. Wilson lives at Hilgard place and Le Conte avenue. On Monday evening the little boy was playing about a fire which he and some companions had built near the house in the bed of a creek.

The children were circling about the fire, the Wilson baby following the others, when he fell into the blaze. In a moment his clothes were a mass of flames. His screams brought his mother to the scene. She snatched her babe from the flames as quickly as possible, but he was so badly burned that the flesh dropped from him when she picked him up. Mrs. Wilson herself was badly burned about the arms in getting the child out.

The little one was taken home and Dr. Whitworth hastily summoned, but little could be done to save the child. The child died in great suffering at 8:30 o'clock Monday evening. The Coroner was notified and held an inquest on the remains yesterday.

That John Murray of the "Golden Gate" saloon at the Sixteenth street depot has had two handsome signs painted and placed on his famous resort which can be read by his patrons as they run from the train to visit him.

Several days ago the GAZETTE published an article on the bond system taken from Col. Palmer's book on street work. The Colonel read the article in the GAZETTE and forwarded a letter to George Schmidt for publication in response to the matter desiring its publication in the GAZETTE. Owing to a press of matter today, the communication could not be published. We will comment upon the same, however, tomorrow.

THEY DEVELOPED YOUNG.

Two Famous Poets, Oliver Wendell Holmes and William Cullen Bryant.

Oliver Wendell Holmes received the degree of doctor of medicine in 1836, being then 27 years old, and in that year he also published his first volume of poems. Nothing of Dr. Holmes' has been more popular than "The Last Leaf," contained in this early collection, and none has more richly deserved to please by its rhythmic beauty and by its exquisite blending of humor and pathos so sympathetically intertwined that we feel the lonely sadness of the old man even while we are smiling at the quaintness so feelingly portrayed.

Dr. Holmes was like Bryant, who composed "Thanatopsis" and the "Lines to a Waterfowl" long before he was 20, in that he early attained full development as a poet. Although each of them wrote many verses in later life, nothing of theirs excelled these poems of their youth. In their maturity they did not lose power, but neither did they deepen nor broaden, and "Thanatopsis" on the one side and "The Last Leaf" on the other are as strong and characteristic as anything either poet was ever to write throughout a long life. What Bryant was, what Holmes was, in this, his first volume of poems, each was to the end of his career.

To neither of them was literature a livelihod. Bryant was first a lawyer and then a journalist. Holmes was first a practicing physician and then a teacher of medicine. He won three prizes for dissertations upon medical themes, and these essays were published together in 1838. In 1839 he was appointed professor of anatomy and physiology at Dartmouth, and the next year he married Miss Amelia Lee Jackson. Shortly afterward he resigned the position at Dartmouth and resumed practice in Boston. He worked hard in his profession and contributed freely to its literature, and in 1847 he went back to Harvard, having been appointed professor of anatomy and physiology, a position which he was to hold with great distinction for 36 years.—St. Nicholas.

Domestic Architecture In Chicago.

The inhabitants of Chicago are the least curious and observing people in the world. According to their own newspapers, they permitted one H. H. Holmes to construct in their city a house so extraordinary, so full of hidden doors and secret passages and acid proof vats that it would have attracted thousands of curious visitors had it been built anywhere else. But the guileless Chicagoans suspect nothing. Neither the man who issued the building permit nor the men who did the building saw anything unusual about the house. What is the matter? Is all Chicago blind, or are acid proof vats and secret passages part and parcel of the ordinary Chicago dwelling? Perhaps there is an interesting chapter to be written about domestic architecture in Chicago. — Milwaukee Sentinel.

Suiting the Action.

"Jamie," sharply called out his mother, "you've been loafing all day. Satan always finds some work for idle hands to do. Take this basket and bring in some kindling."—Chicago Tribune.

The fool is always dead sure that his own way of doing things is the best, if not the only way, but the wise man wonders if there isn't a better way than the one he has adopted.

What an admirable recipe for happiness to know how to do without things! —Victor Jacquemont.

It Is Said

That the wandering arabs in search of public opinion on the school bond question do not seem to want to find one different from the paper's idea.

That the bi-criders were out in force on the avenue today. Old and young, pretty and not so pretty, and they all wore bloomers.

That while West Berkeley is being set up there may be a set back. Must take things as we find them.

That office seekers want to know when those specials are to be appointed for North, East, South and West Berkeley.

That the GAZETTE is in great favor at the Stock Yards and Golden Gate. The reporter will be there again soon.

That the University avenue chicken ranch will engage the Health Officer's attention when he returns to Berkeley. The hot weather makes a perfume that the sweetness of cocoanut oil cannot overcome.

A number of young people of West Oakland, under the direction of Miss Kate McDaniel, will give a unique entertainment in the annex of the Presbyterian church of Golden Gate on Thursday evening. It is called a session of the kindergarten extension and will give old and young a good idea of the trials and tribulations of the ordinary kindergarten teacher with her flock of little ones to care for and keep interested.

The new star that is to be added to the national flag to represent Utah will be placed to the right of the fourth row from the top. At the same time the regulation size of the flag will be changed from 6 feet 5y 5, to 5 feet 6 inches by 4 feet 4 inches. All of the new flags are to be made of the finest American silk, and will be very handsome.

People having garden hose should be careful and lock the same up at night in a shed or in the house, as some petty thieves have been stealing garden hose in East Berkeley.

If you want to purchase gents' furnishing goods, children's toys, cigars and tobacco, why, go to Abraham Cohen's on San Pablo avenue between Alcatraz and Dalton street, Golden Gate. He sells as cheap as the city.

Adeline Street Sewer.

Notice of Street Work

NOTICE IS HEREBY GIVEN THAT ON the 13th day of Sept., A. D., 1895, the Board of Trustees of the Town of Berkeley passed its Resolution of Intention, number 49-A, to order the following street work to be done, viz.

That the Easterly side of Adeline street in said town from the center line of Ashby avenue to a point 470 feet northerly, be sewered to the official line and grade with a six-inch vitrified ironstone pipe sewer with four-inch Y branches, one for each lot subdivision along the line of the work, and with one lamphole at the northerly terminus of said work. The location of said sewer shall be two feet west of the easterly line of said Adeline street.

For further particulars reference is hereby made to said Resolution on file in the office of the Town Clerk.

GUY H. CHICK,
Superintendent of Streets of the Town of Berkeley.
Berkeley, Cal., Sep. 18, 1895.
Sep 18 6t

Fulton Street Sidewalk.

Notice of Street Work

NOTICE IS HEREBY GIVEN THAT ON the 13th day of Sept., A. D. 1895 the Board of Trustees of the Town of Berkeley passed its Resolution of Intention No. 46-A to order the following street work to be done, viz:

That a four foot wooden sidewalk be constructed on the easterly side of Fulton street in said town from the northerly sidewalk line of Ashby avenue northerly in front of lots 1, 2 and 3, block B, of the surburban tract, being about 150 feet in length.

For further particulars reference is hereby made to said Resolution on file in the office of the Town Clerk.

Notice of Street Work

NOTICE IS HEREBY GIVEN THAT ON the 13th day of Sept., A. D., 1895, the Board of Trustees of the Town of Berkeley passed its Resolution of Intention, number 47-A, to order the following street work to be done, viz:

That King street in said town from the center line of Harmon street to a point 85 feet southerly be sewered with a six inch vitrified ironstone pipe sewer with a lamphole at the southerly terminus of said sewer and with four-inch Y branches for each fifty feet of frontage along the line of said work.

For further particulars reference is hereby made to said Resolution on file in the office of the Town Clerk.

GUY H. CHICK,
Superintendent of Streets of the Town of Berkeley.
Berkeley, Cal., Sep. 18, 1895.
Sep 18 6t.

It is not better to Bear the Ills we have which drift into others we know not of, but go to BAER the Druggist and have your prescriptions filled.

WE are pleased to inform our friends and patrons that we can receive them now in our new quarters where we have a fresh stock of pure Drugs, Stationery and Toilet articles at City prices. Having had ten years experience I am prepared to fill any prescription.

Whoa, Thar!

And step into Schmidt & Zehner's in the Shattuck Block and inspect those bread and cake knives that they sell for 50 cents. If you need any hardware, bird cages, pocket knives or tacks for bicycles. They have them. Call for anything in their line, and it will appear. 110

Fall Millinery.

Miss E. Barnett, formerly of No. 14 Grant avenue, San Francisco, but now on Center street opposite the Kellogg school, Berkeley, is now receiving her fall millinery. She has also dress making parlors and dressmakers' findings at 'Frisco prices. 89

A mother's care given to one or two children. Apply at GAZETTE office, East Berkeley. 129 1m

Notice!

The Oakland Gas Co. is advertising their gas to be used as a cheap fuel for cooking and heating, and for lighting purposes. But how much better it would be to have a small Imperial Gas Machine, and be your own banker and your neighbors' also. Furnish yourself with a beautiful, clear, steady light, and with fuel for cooking and heating purposes. See J. Scrieber, Addison street, Berkeley, and he will tell you of the neighbors here who have them. 108

For Sale.

Very desirable property in San Benito county, only 2 1-2 miles from the town of San Benito. This land is well watered and would make a splendid fruit ranch, or for dairying purposes it is unsurpassed. This land is placed upon the market at the remarkable low price of $6.50 per acre. Easy terms can be arranged by applying at once to G. D. Smith, Dwight way station, Berkeley. 118

Mrs. M. Schulz, corner 10th street and Alston way keeps choice groceries at her store in West Berkeley. She also keeps on hand fresh bread, pies and cakes. She has a nice hall to let. 83

Mrs. M. Fromm who conducts a branch of the Dwight way Home Bakery, would like to have your patronage. Her bread, cakes, pies and confectionery are always fresh. Also all kinds of fresh fruit in season. Corner of Eighth street and University avenue. 119

To the Public.

Having met with greater success at West Berkeley than it was supposed could be done, the undersigned have, according to the request of quite a number of West Berkeleyans, made arrangements to stop on University avenue, corner of Seventh street, one week longer, or until Monday evening next. All work guaranteed to give satisfaction.
